

## Steps to Plan a Virtual Vacation

1. **Pick a Spot** - The sky is the limit! Pick anywhere that you want to go.
2. **Map It** - Find your location on a map, and decide what type of transportation you will need to travel there.
3. **Look it Up** - Find photos of the location you would like to travel and print them out to hang around your house or draw a few pictures if you do not have a printer handy.
4. **Virtually Pack** - Look up the weather where you are going and make a list of what to pack for your trip.
5. **Make it Authentic** - Make something that will help you connect with the location you are traveling.
6. **Learn the Language** - Learn a few words from your destination's language if it is different from your own.
7. **Get Ready to Eat** - Research popular dishes from your travel location and treat your family to those items made by you.
